## We're fruit specialists!

We specialise in fruit and that's it!

We remain confident that we have the best quality smoothie fruit mix available on the UK market.

***Why not contact us to arrange a taste?***

We have a premium product that has been accepted very well across the quality end of the Foodservice market. No suits, no presentations, just lots of tasty drinks, promise!

In short it's a completely flexible, easy to use, great tasting healthy product with the added value of customer entertainment.

## Flexible service

**fulla flava** deliver in temperature controlled vehicles. We also have very competitive prices for equipment whether it be juicers, blenders or mini freezers. You do not however, need to purchase these from us.

Our smoothies can be produced from bought in fresh orange juice. Alternatively we can supply you with freshly squeezed juice that is prepared and delivered on a daily basis.

## Professional support

When we gain new business partners, we set everything up and train the staff too.

We can even be present for a proper launch with samples for customers to try - which always works very well.

Our design partners can tailor marketing material to meet your specific branding requirements.

## Ethically sourced & traceable

All of our fruit is ethically sourced and imported from all around the world. This provides complete control from field to caterer, a very important claim in today's need for 100% traceability.

***The product lends itself perfectly to caterers that care about what they serve.***

We are an open and honest business with great trading ethics and we take personal responsibility for the well being of your custom. We remain committed to building strong and meaningful relationships and to adding value. After all, quality is where our values lie.
